

Gippsland Community Deer Forum

Managing deer across a shared landscape

A free forum to help communities tackle the problem of deer around homes, farms and nature reserves.

- Learn about the National Feral Deer and the Gippsland Deer Control Plans
- Understand the legal framework underpinning deer control programs
- Hear about the work being done by community deer control groups in and outside Gippsland
- Understand the roles of your neighbours, local and state government and other land managers
- Meet the people who can help you manage deer on your property
- Learn about the tools and equipment currently available to control deer
